WELCOME ABOARD!

Lakes, meandering rivers, canals to navigate from one sluice gate to another, natural landscapes with varying moods, small villages and magnificent but often unknown monuments... No licence or prior experience is required to take advantage of this opportunity: After a short training course, you become the captain of a magnificent vessel.

Onboard you can finally take the time to live life to its fullest and, at the relaxed pace of navigation, enjoy nature as it comes into view. You can pull up and go for a walk along footpaths and towpaths, visit the heritage that surrounds you or go and meet locals. You will rediscover the true art of living. Life couldn't be simpler.

As the creators and owners of the largest fleet of Pénichettes® in Europe, we provide everything you need to make your voyage an unforgettable experience. Thus we are committed to constantly improving the quality of your sailing experience.

This begins with the quality of our fleet itself. Our ships undergo an annual inspection that covers all aspects of maintenance, care and comfort and so guarantees you a truly enjoyable navigation experience.

Then there is the quality of our customer service. At each of our bases, our representatives will provide you with all the technical and tourist information required to make your stay on board a time to remember. Moreover, because quality customer service is about making you feel at home, we have decided to renovate some of our bases, such as the base at Joigny for example.

In 2015 we will still be driven by this same desire for quality. Following successful trials, we added a top quality yachts to our fleet, namely, Linssens. Elegance, quality of finish and comfort define these renowned boats. In addition, we are continuing the redecoration work of our Penichette® Flying Bridges, in order to offer you an even cosier on-board environment. Finally, several new bases have been opened and we are delighted to be able to welcome you at Mâcon in Burgundy and at Killinure Point in Ireland.

In the hope of meeting you on one of our ships, I invite you to browse through this catalogue and to choose your next destination.

THE ART OF RIVER VACATIONS WITH **LOCABOAT HOLIDAYS**

THE PÉNICHETTE®, A NEW KIND OF HOLIDAY...

It was the end of the 1970s when Locaboat Holidays came up with the idea for a new kind of holiday and created the Pénichette®. This boat model, designed specifically for river tourism, quickly emerged as the benchmark watercraft in terms of both its original design as well as its innovative technical features. Today, Locaboat Holidays is one of the European leaders in boating holidays. The renowned quality of our watercraft, the expertise of our staff and the passion of the cultural heritage in the regions visited continue to underpin our company's success.

QUALITY IS OUR KNOW-HOW

We are proud to be able to offer our customers a fleet of 380 top quality boats.

Locaboat is, without the slightest doubt, the boating holiday company that invests most each year in the maintenance, care and the comfort of its watercraft. Moreover, by introducing prestigious Linssen models to our fleet we are pursuing the same objective, which is to enhance the comfort of your stay on board. Our staff shares this passion: our colleagues, whom you will encounter at our bases, constantly strive for availability, proximity and quality of reception. **Let yourself be advised by hand picked representatives:** they know their region perfectly, its waterways, its touristic and cultural heritage and its best-loved places!

THE FREEDOM TO GO WITH THE FLOW...

In France or in Europe, enjoy the pleasures of navigation and take it easy at last! On-board your boat, you are the captain. **You decide what you want to do, at your own pace**, and discover amazing locations while on the move.

It is this unique experience, combining adventure, conviviality, freedom and serenity that we have to offer on each of your stays.

“ We had an excellent stay on board our boat. Easy navigation, really pleasant and relaxing times with the family, beautiful discoveries and visits... A genuine pleasure! I think we will repeat the experience! ”

The B. family, Canada

OUR DEPARTURE BASES

YOUR **COMFORT** BEFORE ALL ELSE...

BEING AT HOME ON BOARD...

The comfort of the ship's interior is an integral component of the unique experience of your holiday on board one of our boats. We have therefore begun a **programme of renovation for the Pénichette® Flying Bridge**, with the help of an interior designer. Our aim has been to create a warm and friendly environment with soft colours, quality fabrics and decorative touches in the new Locaboat colours. **All the P.1020FB and P.1500FB models have been renovated and await you at our bases in 2015!**

LOCABOAT LOGOS...

The Locaboat fleet is now unmistakably recognisable thanks to the standard and discreet logo on all of our ships.

IMPROVING MANOEUVRABILITY...

Our entire fleet of Pénichette® Flying Bridges, Pénichette® Aft-Decks (except P.1120Rs in France), Europas and Linssens is now **equipped with bow thrusters**. Hence, manoeuvring will be even easier making your navigation experience all the more enjoyable.

“ Finally, no two cruises are ever alike. Steering the ship is fun and easy and all manoeuvres are simple! ”

Mr. and Mrs. C., South Africa

THE LINSSSEN 34.9GS OFFERS YOU THE BEST OF YACHTING!

The Linssen 34.9 GS is the perfect complement to our fleet of Pénichettes® and Europas. It offers the most enjoyable navigation experience: Easy to steer, it is also equipped with an **excellent level of comfort and finishing**. With its two double cabins, this boat is ideal for two couples or a family and for all those who long for a great holiday getaway.

OFFERING YOU NEW DESTINATIONS

In 2015, Locaboat is offering you cruises departing from **two new bases**; one in Mâcon in the heart of Burgundy, and the other in Killinure Point, near Athlone in Ireland. Many new adventures and endless possibilities will be open to you!

AN EVEN WARMER WELCOME AT OUR BASE IN JOIGNY

From the port, boaters have a breathtaking view over the old town and its vineyards on the Côte Saint Jacques. In order to accommodate our customers under the best conditions, we decided to **renovate this charming bourgeois 19th century building**. The outdoor areas have been redesigned with more than 20 trees planted. Inside, the space has also been redesigned to be more welcoming and comfortable: There is a small waiting room, a pleasant office to carry out the formalities before departure and a corner shop to pick up souvenirs or to make last minute purchases before boarding.

ALL THE PLEASURES OF A LOCABOAT HOLIDAYS CRUISE

QUICKLY BECOME A CAPTAIN !

Renting a boat from Locaboat requires no licence or prior experience of navigation. It's as simple as that.

Climb aboard and follow the instructions of the technician on the equipment operation, engine and cockpit. Once you've had the chance to assimilate the theory, you'll be given a **sailing lesson by our technician** to quickly familiarise you with your ship.

In order to make your new living space your own and to appreciate all the equipment, we recommend that you **spend the first night at your starting base**.

The next morning, you'll be able to set off on your cruise in a relaxed frame of mind. You will be the master onboard and will be able to calmly describe all the aspects of driving: manoeuvres, stops and passage through locks.

LOCABOAT STAFF AT YOUR SERVICE FOR YOUR HOLIDAY!

Our teams, who are fully dedicated to your reception, give the word "service" a whole new meaning.

At all our bases, you will be **greeted by the often-multilingual hostesses and experienced technicians, who are passionate about river tourism**. They will give you the information you need for your trip's, well, smooth sailing: The rental contract, the details of your journey, passage through the canal locks and the ship's dashboard file. You can also get your navigation guide

“The most obvious analogy is that this type of boat behaves like a bicycle. You soon forget that you have never steered one before and quickly get the hang of it!”

The T. Family, France

map, if you have not done so already. If you have any questions, don't hesitate to ask!

Before your cruise, you can prepare your trip using the Captain's Handbook, which will be sent to you at the time of your reservation; everything is included from how to access your base to the inventory for your boat.

ENJOY NUMEROUS ACTIVITIES ON LAND

Bicycle tours, golf courses, visits to historical sites, swimming, fishing, evenings at a festival, and so on. There is no lack of activities throughout your journey!

Many canals and rivers have been adapted for bicycle tourism. Take advantage of our rental **bicycles** (that can be easily stored on your ship's deck). Depending on your mood, you can also stroll along the towpaths to get even closer to nature or take the cross routes to visit a famous historical site, a typical village or a friendly inn.

Practically everywhere in Europe, the canals, lakes and rivers offer opportunities to practice high-quality **fishing**. Our reception teams will provide you with information on the conditions for obtaining a local fishing permit.

Depending on the time of year of your cruise, there are many **cultural events** held in France and Europe. Treat yourself to an evening or a whole day out, share rare and unexpected moments enjoying the authentic and exceptional character of your destinations. Do not hesitate to ask our representatives for the schedule of events.

USEFUL INFORMATION

During your stay, **daily maintenance of your boat** is very simple. However, you can choose the "cleaning fee" option, for cleaning at the end of the cruise. With regards to **parking**, most of our bases are equipped to accommodate your car during your trip. Some of the car parks are roofed and you may be asked to pay a parking fee. It is of course possible to organise a transfer to or from the train station or airport, to take you back to your **departure base**. You will find information on accessing bases on the Destinations pages.

A FLEET THAT MATCHES YOUR EXPECTATIONS

The Locaboat Holidays fleet is distinguished by its quality and consistency. The Pénichettes®, Europas and Linssens are all very comfortable, easy to manoeuvre and perfectly adapted to river navigation without a licence. Depending on your tastes, your budget and the size of your crew, you will find the Locaboat vessel that best suits you!

A sundeck and dual cockpit

THE PÉNICHETTE® FLYING BRIDGE

This is the most recent series of Pénichette®. The dual helm system- accessible both on the deck and inside the ship- is extremely pleasant in any season. As with the other Pénichettes®, you can sail about in absolute safety. Perfectly suited for families and friends, it can host from 2 to 12 people depending on the model and the level of comfort required.

Exemplary manoeuvrability...

THE PÉNICHETTE® CLASSIQUE

This is the easiest boat to manoeuvre! Its large opening sunroof, raised cockpit and extensive sundeck retain the charm of traditional sailing. It is perfect for couples, families or small groups of friends.

River yachting with every comfort

THE EUROPA

With its maritime and contemporary design, this boat combines a spacious interior with the most advanced technology. The light wood furniture, dual helm system and teak rear deck, provide an outstandingly comfortable boat. Specifically designed for a limited number of people (4 to 6 people, depending on the model), you will enjoy being able to take it easy.

A vast upper deck for outdoor living!

THE PÉNICHETTE® AFT-DECK

Very bright and well lit, this model has the special feature of a terrace extending from the lounge towards the rear, protected from the sun by a canopy. Here you can enjoy a meal or a drink well into the evening. It can accommodate 4 to 12 people, depending on the model and the degree of comfort desired.

NEW

The premium yacht for you!

THE LINSSSEN

You will be delighted by the level of comfort and the quality of its finishes. Originating in the Netherlands for all amateur boaters, this yacht represents one of the most beautiful standards in Europe. It offers great comfort for 4 to 6 people with two spacious cabins, each fitted with its own bathroom, and a bright living space. The cockpit is located on the upper teak deck, protected by a bimini-top. The latest arrival in the Locaboat fleet, the Linssen Grand Sturdy® 34.9 completes our premium offer.

TRAVEL ACCORDING TO YOUR DESIRES WITH LOCABOAT HOLIDAYS

Discover the most beautiful canals, rivers and lakes in Europe, with a selection of more than 200 river-cruise circuits. Whichever stay you choose, your cruise will be dotted by villages, castles, wine cellars and remarkable historical sites. Can't make up your mind? To help you, we have grouped all our river circuits around a few major themes.

THE MOST BEAUTIFUL DESTINATIONS

THE "GRANDEUR OF NATURE" CIRCUITS

Europe has a trove of unsuspected natural treasures that you will marvel at from your boat. France, Italy, Germany, Ireland, the Netherlands or Poland have some nice surprises in store for you in the heart of preserved natural areas and you will admire magnificent ever-changing landscapes.

THE "HERITAGE AND HISTORY" CIRCUITS

The rich heritage of the regions where you will travel is especially remarkable. Europe is an immense museum and the canals we have chosen in several countries are also journeys inside of these treasures, which you will explore at your leisure.

THE "GASTRONOMY AND OENOLOGY" CIRCUITS

It is impossible to separate areas from their culinary specialties and local vines. Travelling in a Pénichette® is therefore an invitation to explore authentic terroir as you stop along the way. Unfamiliar flavours and fragrances will delight you in all the regions that you visit.

THE "CULTURAL AND URBAN STOPOVER" CIRCUITS

Travelling on board a Pénichette® can also be combined with a city trip. You can moor your craft in the heart of the most charming towns or stay a stone's throw away. It's a privilege to be able "to park" under such original conditions. These urban stopovers will provide the opportunity to discover cities like Toulouse, Amsterdam, Berlin or Venice in a stress-free manner.

THE "SWIMMING" CIRCUITS

On the water and in the water: with your Pénichette® you will always find a good spot to dive in and to cool off, whether it's in the lakes of Mecklenburg or Masuria, in rivers like the Saône or the Yonne, in the Mediterranean Sea near the Rhône Canal or even on the Adriatic Coast in Italy.

“What we most liked about this original holiday experience was the variety of trips, the freedom to moor almost wherever we wanted and the autonomy in the organisation of daily life aboard.”

H. family, Germany

“ I absolutely recommend the picturesque village of Puichéric! If you love old stones buildings, you will most certainly feel right at home here! ”

CANAL DU MIDI

MIDI LAURAGAIS
DEPARTURE BASE: NÉGRA

**CANAL DU MIDI,
CANAL LATÉRAL À LA GARONNE**

Casting off from Négra, between Castelnau-d'Aud and Toulouse, the *Canal du Midi* allows you to travel three centuries back in time. Sailing west the greenery-lined waterway with its century-old plane tree colonnade will take you all the way to **Toulouse**. *La Ville Rose* or Pink City, as it is known, with the Garonne river running through it possesses exceptional cultural, historic and artistic heritage. Admiring the city's beautiful timbered houses in the old town is a delight. To the east of **Négra**, enjoy traditional dishes such as *cassoulet*, *foie gras*, *confit* (preserved meats) that will surely decorate the halls of your travel lore before moving on to **Carcassonne**. Its ramparts boat a view of the environs that is simply breathtaking.

The Canal du Midi, along with the Canal latéral à la Garonne make up over 500 km of waterways and allow for sailing throughout most of southern France. Aside from medieval cities, Cathar towns, chateaux and abbeys dotting the landscape along your cruise, you should know that the journey itself is considered a masterpiece due to the succession priceless works of art and architecture to be found along the way. The Canal du Midi, declared a UNESCO World Heritage Site. This architectural wonder, created by Pierre-Paul Riquet was described by Vauban as “the noblest undertaking of this sort ever attempted”.

MIDI MINERVOIS
DEPARTURE BASE: ARGENS

**CANAL DU MIDI,
BASSIN DE THAU**

From Argens, the *Canal du Midi* meanders through a typically Mediterranean landscape: vineyards, cypresses, pine trees and a plethora of flowers scent the air against the background of chirping grasshoppers and cicadas. Under the shade of great plane trees, you'll make the acquaintance of a rich regional cuisine of succulent dishes and magnificent wines. Splendidly restored by Viollet-le-Duc in the 19th century, **Carcassonne** is now a UNESCO World Heritage Site. The 52 turrets and double ring of walls of the largest medieval fortress in Europe proudly overlook the new town below. **Narbonne** was once the largest city in Roman Gaul; in the centre of the town the Archbishops' Palace and the Cathedral make up a remarkable architectural ensemble. At **Béziers** the Gothic cathedral of St. Nazaire towers over the hometown of Pierre Paul Riquet.

CAMARGUE

CAMARGUE
DEPARTURE BASE: LATTES

**CANAL DU RHÔNE À SÈTE, THE LEZ RIVER,
THE THAU BASSIN, CANAL DU MIDI, PETIT
RHÔNE**

Taking the *Canal Rhône à Sète* from Lattes towards Aigues-Mortes, you enter the wild and seductive landscape of the *Petite Camargue*. Following the Mediterranean coast by canal, you can enjoy one of the finest wildlife spectacles anywhere; pink flamingos, herons, European bee-eaters on the one hand, herds of half-wild horses and bulls on the other, freely co-existing.

From Cap d'Agde to the Camargue, only a thin strip of white sand separates the Mediterranean Sea from the canals and lagoons that you sail through. From **Lattes**, just outside Montpellier, enjoy going for a dip by Palavas-les-Flots. Where sand and sea meet stands the Cathedral of Maguelonne, while in the seaport of Sète canals crisscross the picturesque old town. On the *Bassin de Thau* you follow the canal through the middle of oyster beds to arrive in **Agde**, originally founded by the ancient Greeks. From Lattes you can head instead along the Canal du Rhône à Sète: proudly rising above the lagoons and salt flats of the Midi is the fortified town of **Aigues-Mortes**, founded in 1240 by St Louis. In the *Petite Camargue* you can visit the typical fishing village of Le Grau du Roi, Saintes-Maries-de-la-Mer, the splendid abbey church of St-Gilles and Beaucaire with its great keep looking down on a maze of medieval alleys.

CANAL LATÉRAL À LA GARONNE, LOT, BAÏSE, TARN

This region boasts **300 km of navigable waterways**, covering five very varied rivers and canals, all rich in history. As well as contrasting landscapes and a **wealth of monuments**, the region's reputation for fine food and wine adds to the delights of a cruise here. There are several remarkable structures to be seen, including the **great 549 meters long canal bridge at Agen** with its 23 arches. It is now possible to sail to Montauban, too. At Moissac do not miss the **11th century abbey**, a treasure of medieval art. Then, why not take the canal lock down into the River Tarn to sail as far as St-Nicholas de la Grave, 12 km of outstanding natural beauty.

Sailing down the **Baïse**, you wind your way through **65 km of lush and intimate countryside**. From the river, discover fortified towns, gentle hills and flowery meadows, and do some gentle angling along the way. Towns you can visit include Vianne, Lavardac and Nérac, seat of the Albret family. Looking out from the **Château of Henri IV**, the quayside with its old workshops converted into restaurants makes for a marvellous view. The precious casks of **Armagnac** were shipped down to Bordeaux from the quays of Condom. See the Abbey of Flaran, a masterpiece of Cistercian art, before reaching the end of your cruise on the Baïse in **Valence-sur-Baïse**.

The delightful Lot Valley makes for an 80 km cruise with much to offer. Spectacular scenery combines with medieval villages like Clairac and Castelmoron, with superb half-timbered houses. Casseneuil is a miniature Venice, and you shouldn't miss its church with splendid wall paintings. Villeneuve-sur-Lot and Penne-d'Agenais are good examples of the region's rich history and traditions.

In Spring and towards the end of October there exists a risk of flooding on the rivers Baïse, Lot and Garonne (but not on the *Canal Lateral a la Garonne*). The locks on the canal are semi-automatic and are controlled by traffic lights. On the Baïse the locks are automatic and are operated by a magnetic card, on the Lot as well, where there are also lock-keepers on hand. On these two rivers the locks are open every day.

CANAL DU CENTRE, SAÔNE, SEILLE

The base at St-Léger is ideally located and the **gourmets among you will not be disappointed!** While drifting down the *Canal du Centre*, you bask among the **most prestigious vineyards of Burgundy** (The *Côte de Beaune* and *Côte Chalonnaise*). Along the Dheune valley, **Mercurey**, Santenay, where the 13th century church of St-Jean-de-Narosse dominates the vineyards, **Montrachet**, with its celebrated white wines and **Rully**, with its 12th century castle, produce famous vintages. Further south, the **Saône** and the **Seille** promise yet more discoveries and the opportunity for bathing in their warm waters. If you wish, you can head south towards **Tournus** and **Mâcon**, whose architectural heritage evokes the feeling of the South. Returning back up the Saône, you navigate through a landscape of pastures where one of the most beautiful stopping points is **Verdun-sur-le-Doubs**, situated on an island at the meeting of the Doubs and the Saône. You can follow the course of the Doubs River for around 10 km up to Pontoux, and don't miss **St-Symphorien** and **Seurre** with its Eco-museum installed in a lovely house.

SAÔNE-LYONNAIS

DEPARTURE BASE: MÂCON

SAÔNE, SEILLE

Our new base at Mâcon is the ideal departure point for a cruise on the Saône and the Seille. With its multi-coloured facades, its lively pedestrian streets, its great wines and gastronomic specialties, there is no lack of interesting things to see and do in **Mâcon**. The Saône is one of the most beautiful rivers in France. Going upstream to the north, do not miss the detour on the small canal that leads you to **Pont de Vaux** in the **Pierres Dorées district**, a true gem with its loam houses. Then, visit Tournus and its Romanesque abbey. And you must at least choose to navigate on up the Seille to Louhans, ranked as the “**most beautiful detour in France**” and an “**outstanding culinary site**” because of its famous Bresse poultry. From Mâcon, heading South, the river Saône leads you through the **Dombes**, a land of lakes, to Lyon where you will make your entry between the hills of Fourvière and the Croix-Rousse, with the picturesque Barbe island. Then, you will be welcomed by the **beautiful neighbourhoods of old Lyon**. Lose yourself among the “**Traboule**” buildings and get a table at a “**Bouchon**” restaurant.

PETITE SAÔNE, SAÔNE, CANAL DES VOSGES, DOUBS

The **Petite Saône** is one of the most beautiful rivers in France, with few locks and lots of places to swim. Villages with stone houses are strewn along the picturesque stopping points, such as **Port-sur-Saône**, **Ray-sur-Saône** and, towards the South, **Auxonne**. Many specialties await you there, including morel dishes in particular. The river Saône is also a paradise for fishermen, with its pike and perch. To the north, the *Canal des Vosges* passes through the forest to **Fontenoy-le-Chateau** and **Épinal**, famous for its images. The **Rhône-Rhine Canal** takes you to the foothills of the Jura. Between **Dôle** and **Besançon**, the river Doubs has been canalised and passes between spectacular cliffs. The arrival in the citadel of **Besançon** is splendid and is preceded by either a complete loop of the river Doubs or by a 394 m tunnel, which passes underneath Vauban's construction.

BOURGOGNE - YONNE - NIVERNAIS
DEPARTURE BASES: JOIGNY, MONTBARD

**CANAL DE BOURGOGNE
DU NIVERNAIS, YONNE, SEINE**

Draped in vineyards of the Côte Saint-Jacques, **Joigny** is rich in heritage and gastro-nomy. Located at the crossroads of the Yonne and the *Canal de Bourgogne*, it is the ideal starting point for touring the region. If you select the *Canal de Bourgogne*, you will navigate your way through a work of the 18th century. Dock near the canal bridge at **Saint-Florentin** and admire the stained glass windows of its beautiful church. At **Tonnerre**, the **bank of the Dionne** is lined with old houses and supplies its inhabitants with water. Magnificent Renaissance castles pop up along your cruise, such as those at **Tanlay** and at **Ancy-le-Franc** . Further away, at Montbard, where the Locaboat base is located, you will have the opportunity to get better acquainted with the naturalist Buffon, here in his hometown. The splendid **Abbey of Fontenay**, nestling in the hollow of a small valley, is accessible by bicycle. Before approaching Pouilly-en-Auxois, pass through the impressive **tunnel at Pouilly** and then, from **Châteauneuf**, the charming hills will lead you to **Dijon**. The city of Gustave Eiffel is one of the culinary capitals of **Burgundy**.

On leaving Joigny in the opposite direction, the meanders of the river Yonne lead you between the landscapes of the wooded countryside of **Puisaye** and the **Forest of Othe**. The river reveals its heights strewn with farms and apple trees and brings you to **Villeneuve-sur-Yonne** and **Sens**, dominated by the glorious cathedral of Saint-Etienne. Going back up the river Yonne, you come to **Auxerre**, which owes its prosperity to its traditional vineyards on the **hillsides of Chabli** and the **Auxerrois**. Then comes the **Canal du Nivernais**. The wine villages spread out before you, such as St. Bris or **Irancy**, huddled between vineyards and cherry orchards.

DEPARTURE BASE : CORBIGNY

CANAL DU NIVERNAIS

Originally conceived by Henri IV, the *Canal du Nivernais* was finally built between 1783 and 1842, and boasts **some of the most glorious scenery on the French waterways**. Connecting the Seine to the Loire basins, whose basins are very different from one another. From **Corbigny** south to **Decize**, its old city centre is still **ringed with walls**, the descent to the Loire winds through rich meadows grazed by the famous white Nivernais cattle. A set of 16 locks leads to the three successive tunnels at La Colancelle in a rural setting. The **Etang de Baye** with its watersports centres lies right alongside the canal. From Corbigny north to Auxerre, on the other hand, with its churches dominating the waterfront, the descent towards the Seine follows the valley of the Yonne, and sometimes uses its riverbed, through woods and forests small and large. The **prosperous little wine-producing village of Tannay** boasts panoramic views over the Morvan hills.

LOIRE & NIVERNAIS
DEPARTURE BASE: DOMPIERRE-SUR-BESBRE

**CANAL DE BOURGOGNE
DU NIVERNAIS, YONNE, SEINE**

Dompierre is a gateway to manifold discoveries, all little more than a stone’s throw from the Loire. The banks are dotted with **chateaux, abbeys and medieval villages**. The magnificent **Canal bridge of Digoin**, where the Lateral Canal crosses the Loire takes you to the *Canal du Centre*, built in the 18th century to link Roanne to Chalon-sur-Saône. Digoin and **Paray-le-Monial** with a magnificent basilica, exemplary for Cluniac architecture, are worth a visit. This **place of pilgrimage** is also an important milestone on the Way of St. James, (the Road to Santiago de Compostela). The *Canal de Roanne à Digoin* leads to **Roanne**, a synonymous with gastronomy all over France, but famous for pottery and ceramic too. This passage leads through splendid areas near the Loire.

You will then come upon the **Brionnais** region, whose landscape is characterised by numerous Romanic churches. In **Iguerande**, **Anzy-le-Duc**, **Marcigny** or in the **Abbey of Charlieu** you can find **remarkable architecture and sculptures**. In the quality small-scale oil mill of Iguerande nut, hazelnut and sunflower oil are produced and delivered to the finest restaurants in France. In Decize, the lateral Canal meets the Loire, and river swimming is a treat. Salmon and shad swim up here from the distant sea to spawn. Take the Southern part of the **Canal du Nivernais** and cruise through ravishing countryside to the secret heart of the **Morvan**, or visit **Nevers**, steeped in history. Crossing high above the Allier river on the canal bridge of the Guétin, you will enjoy a magnificent panorama across **many famous vineyards** to lovely villages such as **Sancerre** and **St-Satur**.

BRITTANY

BRITTANY
DEPARTURE BASE: SAINT-MARTIN-SUR-OUST
NANTES - BREST CANAL, VILAINE, AFF AND ERDRE RIVERS

Our new base at Saint-Martin-sur-Oust is ideally located to explore the many opportunities for river navigation that Brittany offers. By following the Nantes-Brest Canal to the east, you come to the extremely beautiful site of the **Île aux Pies**. From there, take a highly recommended detour on the small river of the Aff to the lovely village of **La Gacilly**, with its flowery alleys and its magnificent botanical garden. Continuing on the Nantes-Brest Canal, you reach **Redon** with its abbey of Saint Saviour, a veritable crossroads of waterways and the country of the magician Merlin! Towards Nantes, the navigation is particularly bucolic. Travelling between castles and mansions, follow the **Erdre Valley** passing by **Blain** and the **Forest of Gâvre**, whose ancient trees were highly coveted for shipbuilding. Don't miss **Château de la Groulais**, which belonged to the Rohan family.

At Redon, you can also travel on the **Vilaine**, heading northwards to **Rennes**. **Brittany's countryside** is punctuated with water mills, including those at Boël and Bouëxière. The capital of Brittany merits a stop for its Parliament, its cathedral and its timbered houses. Beyond this, towards Dinan, the **Canal d'Ille-et-Rance** is adorned with beautiful villages, castles and fortresses, like the one at **Montmuran**.

To the west of Saint-Martin-sur-Oust, the Nantes-Brest Canal becomes one of the most beautiful navigable waterways. After **Malestroit** and its half-timbered houses, waters teeming with fish, mossy pathways, sublime light and villages of granite and slate tiles, you are suddenly surprised by the walls and the impressive dungeons of the **Château de Josselin**. There is magic at work!

THREE QUESTIONS FOR DON, OUR LOCABOAT BASE MANAGER AT SAINT-MARTIN

1) WHY HAVE A NEW BASE AT SAINT-MARTIN?

We chose Saint-Martin because this village is **close to the crossroads** between the Nantes-Brest canal and the *Canal Manche Océan* (by Redon). Beyond the beauty that these waterways offer for a river cruise, this location has the advantage of being **rather well protected from floods in winter**.

2) WHAT IS THERE TO DO IN SAINT-MARTIN?

Saint-Martin-sur-Oust is also a **charming village**, with no lack of attractions. Its 15th century church, the chapel of Saint Leonard and Saint Mathurin with Roman ruins, the dam of the Née on the banks of the Oust or the nearby *Château de Castellan* are just a few examples.

3) WHAT IS YOUR FAVOURITE ROUTE ON DEPARTURE FROM SAINT-MARTIN AND WHY?

The round-trip which departs from Saint Martin to go to Josselin, passing the village of La Gacilly, the *Île aux Pies* and Malestroit. This one-week trip includes few locks (28) and allows you to navigate through the heart of astonishingly varied landscapes.

ARDENNES

DEPARTURE BASE: PONT-À-BAR

CANAL DE LA MEUSE, MEUSE, CANAL DES ARDENNES, CANAL DE L’AISNE À LA MARNE

The word Ardennes means “dense forest” in Celtic. Cruising these waterways from your base at Pont-à-Bar, and breathing in the pure country air, you will understand how the area acts as a **lung for Europe**. Home of wild boar, roe-deer and some of France’s rarest birds, the Ardennes forests also shelter in their protected wetlands such rarities as orchids and the fly-catching sundew. You will be charmed by the **Meuse as it twists and loops its way** to Charleville-Mézières. Beyond, deeper into the Ardennes, there are delightful towns to discover such as Fumay and Givet, known for their sausages. With its 650 km of cruising waterway, the Champagne Ardennes region offers **tremendous diversity and variety**.

Our base at Lutzelbourg provides a French welcome in the Moselle department of Lorraine, with its **castle** and its **famous crystal workshops**. Whatever the direction you sail in, half-timbered houses adorned with colourful window-boxes, onion domed church-towers, intricate wrought-ironwork and a hundred small details give the villages a festive air. Wherever you stop, you’ll find the food equally special: sauerkraut and sausage as well as mouth-watering plum and greengage tarts. Cruising the *Canal des Houillères* de la Sarre you pass mainly through woodland with the odd small town to tempt you with a restaurant meal. At Sarreguemines you’ll be charmed by the hand-decorated pottery. On your return you’ll travel on the **boat lift at Arzwiller** which replaces 17 locks. Following the *Canal de la Marne au Rhin* you pass through **Saverne** with its ducal palace and across the Alsatian plain to the heart of **Strasbourg**. Heading back up north, towards Toul, a town fortified by Vauban and offering fine views over the loops of the river Moselle, you are entering Lorraine. Its countryside is just as fine as its cities, of which **Nancy** with its Stanislas square, listed by UNESCO as a World Heritage Site, is a highlight.

GERMANY

Water quality

Fürstenberg/Gransee has been ranked the best town in Germany for its air and water quality. Six other towns in the area are also among the top ten most ecologically minded places in Germany, which explains why Mecklenburg is such an outstanding area for nature, and why it has such a rich fauna and flora. Between June and September the water temperature exceeds 21°C.

MÜRITZ & MECKLENBURG

DEPARTURE BASE: UNTERGÖHREN
(LAND FLEESensee)

LAKE MÜRITZ, LAKE PLAUER SEE, MÜRITZ-ELDE-WATERWAY

Lake Fleesensee is one of the most beautiful areas in Germany. Quite nearby, lake Müritz welcomes numerous birds: cormorants, cranes and even eagles. From the top of the Gothic tower of Röbel, you will take striking pictures. Waren is a very lively city with a renowned marina. Every lake opens into several others. You will explore them as you wish, alternating strolls, swimming, fishing and idleness. On the West, Plau overlooks its lake. Down from the tower of the 15th century, we have an impressive view on tiled roofs and medieval fortifications. The Müritz-Elde canal, which links the river Elde to the lake Müritz runs along the Elde River and its numerous meanders. Parchim, built between two branches of the Elde, is exceptional for its ancient city centre, its ramparts and its half-timbered houses. Numerous villages and small medieval cities such as Lübz, Grabow or Plate offer fantastic sights all along the route. Finally, Schwerin and its famous rococo castle are a highlight of your cruise not to be missed.

OBERE HAVEL, DIE KLEINE SEENPLATTE, MÜRITZ, PLAUER SEE, MÜRITZ-ELDE

From Fürstenberg you may head out to the great lakes of Mecklenburg. Your first visit has to be the rococo castle at Rheinsberg. Further west there is Mirow with its strange wooden boathouses, the charming town of Roblin and the great lake of Müritz. Heading eastward there is Weserberg with its wooden harbour buildings, as well as Neustrelitz. On these varied waterways and open lakes a little more care is required than on canals, but what better reward than to anchor far out in a lake and take advantage of some of the purest water in Europe for a swim in idyllic and unspoilt surroundings. Pause too at one of the many fish smokehouses to enjoy a must-try local speciality.

BRANDENBURG & BERLIN

DEPARTURE BASE: FÜRSTENBERG

RIVER HAVEL, INSHORE WATERS OF TREMLIN & RUPPIN

The first stopping place is Himmelpfort (Gateway to Heaven), the home town of Father Christmas. There is also a fishery where you can stock up on smoked fish. Don't miss the side trip to Lychen. The Woblitz river twists its way through forest before opening out into the lake of Lychen: it is one of the loveliest cruises in the area. The Havel is a tranquil river, which flows through a peaceful countryside. You should stop off at Regow, an organic farm with a hundred or so goats, which sells several different mouth-watering cheeses. At Templin its towers welcome the visitor from afar. Its town walls give it a very romantic ambiance. Beyond Liebenwalde there is a choice of three directions. To the west, the Neuruppin lakes preserve an environment in which ospreys, beavers and otters all flourish. Altruppin, the old capital, stands in lovely surroundings. Neuruppin, the “new” town dating from the 18th century, bears witness to Prussia's Age of Enlightenment, which has left its mark on the whole region from Berlin to Potsdam. To the south lie Berlin and Potsdam, which are both best discovered from the water. To the east, don't miss the Finowkanal, an old canal, which twists and turns through lovely countryside on its way to a unique structure in Europe, the Niederfinow Boat Lift on the Oder Havel canal.

DEPARTURE BASE: KETZIN

RIVER HAVEL, LAKE WANNSEE, SPREE, LAKE JUNGFERNSEE, INSHORE WATERS OF RÜDERSDORF, ODER RIVER

Before heading for Berlin and its famous Museum Island, do make the side trip to astonishing Potsdam. It is an absolute must; close by and easily accessible. Berlin will captivate you. There are so many things to do. Whether to explore on foot one of its many lakes edged with century-old forests and opulent or luxurious villas, or visit the heart of the town, which has been so profoundly transfigured. More to the south and to the east, canals, lakes and rivers intermingle to offer visits between the Spree and the Oder and some of the best cuisine in Germany, such as at Bad Saarow. Lovers of pure nature and tranquillity will choose the Havel as far as Havelberg. The countryside is magnificent yet is not overrun by visitors. It is an itinerary that insiders highly recommend. Do not forget to make a halt at the redbrick town of Brandenburg City with its famous statue of the giant Roland who protects the town-hall.

LICENCE-FREE HIRING

You don't need a license for cruising if you start from Fürstenberg and Untergöhrn between Liebenwalde (north of Berlin), Schwerin and Dömitz (at the Elbe - Elde mouth). Starting from Ketzin, you will be asked for a license that is valid in your country of residence. A license is not necessary by persons from countries which do not have a boat license requirement (e.g. U.K., Denmark, Australia...).

BUGA 2015: National Horticultural Exposition in Germany

From April 18 through October 2015 magnificent floral expositions will be on hand in the Havel region starting from Ketzin. Located in the largest natural park in the Federal State of Brandenburg, the region extends to the biosphere of the River Elbe in Saxony-Anhalt. For the 2015 edition of the Expo- sition the five participating cities Brandenburg an der Havel, Premnitz, Rathenow, Stöln and Havelberg have over a million plants on exhibit extending over an 80km stretch, they will also offer thousands of cultural activities such as jazz concerts or even acrobatic spectacles. NB: You will need a sailing permit or license starting from the city of Ketzin. All relevant information regarding the "Bundesgartenschau" Expo BUGA 2015 can be found online on the Expo's website: <http://www.buga-2015-havelregion.de/>

“If you take your cruise between March and May, be sure not to miss the park at Keukenhof: Its floral exhibitions are really worth the detour...”

HOLLAND

One sees the true nature of the country on its countless waterways since everything which is built, whether towns, villages, mills or bridges, is also mirrored in the water at its feet. Here you will find the landscapes of its famous painters, from the emphatic tones of Vermeer to the gentler touch of other masters of the Golden Age. You'll see the warmth and joie de vivre of the Dutch in the Cafés, on the welcoming terraces along the water's edge, and in the shops, which nestle amongst the cellars of the old houses of Utrecht or Amsterdam.

NORTH AND SOUTH HOLLAND - AMSTERDAM

DEPARTURE BASE : LOOSDRECHT

After crossing the great “broad” of Loosdrecht, dotted with untouched islands, you will follow the course of the river Vecht and pass through the two great art centres of Amsterdam and Utrecht. Further north, near Edam, you cross the Zaan country, full of windmills and rich in wildlife. To the south your cruise unfolds through the timeless Dutch countryside: lift bridges, dykes, and that magic light of dawn, which will surely tempt you into rising early.

Mooring in the heart of Dutch cities

In Amsterdam, the marina is in the heart of the town. Taking a Pénichette® through the city's canals is simple enough with a little care, and it is the best way to take in all the sites. In Utrecht you can readily moor at the quaysides or opposite the cathedral (except for Pénichettes® Flying Bridge). A plan of the city's canals and the many bridges will be given to you at the entrance lock. In Gouda, the marina is near the centre.

AMSTERDAM: The essentials

- > Stroll to the Bloemenmarket, the Amsterdam Flower Market installed beside the canal.
- > Marvel at the masterpieces in the Rijkmuseum, finally reopened after almost 10 years of renovation.
- > Discover Jordaan, formerly the working class neighbourhood of Amsterdam which still houses the house of Anne Frank. It has become the trendy quarter of the city.
- > Take an improvised picnic in the Vondelpark, Amsterdam's “Central Park”, the genuine green lung at the heart of the city.
- > Take advantage of the unique atmosphere of authentic brown Amsterdam cafes, which derive their name from walls scorched by centuries of smoke. A warm atmosphere reigns here and it is worth taking the time to have a drink with friends.

- ✈ Amsterdam - Schiphol > 30 km
- 🚆 Breukelen > 7 km, Amsterdam TGV > 28 km, Utrecht ICE > 22 km
- 🚗 Vinkeveen-Hilversum > 8 km, A2-E35 exit 4

Several locks and some lifting bridges have charges for passage (1 to 6€). There is a charge for mooring in the marinas of the big towns. The Vecht and the lock at Loosdrecht are open between 01/04 and 01/11. The bridges and locks of the other canals are closed on Sundays from 23/03 to 15/04 and from 15/10 to 05/11.

Certain maintenance works can partially interrupt the navigation in a limited sector. The base will inform you on site and propose alternative routes.

IRELAND

IRLAND

DEPARTURE BASE : ATHLONE-KILLINURE POINT

NEW

The majestic Shannon is the longest river in Ireland. On more than 220 km of waterways with just 6 manual locks, far from any commercial traffic, you will enjoy a delicious combination of natural heritage and historical sites, well-preserved lakes, natural parks and preserves for wild animals and birds. Near to our new base at Killinure Point, stop off at **Athlone**, remarkable for its imposing castle. You should also stopover at **Clonmacnoise**, with its exceptional heritage dating from the 6th century. To the south of Athlone, you can take the lower Shannon. Are you passionate about fishing? Then **Shannon Harbour** will be the ideal place for you. Continue along your route to **Banagher**: This is the departure point for visiting **Portumna** and its magnificent Renaissance castle renowned for the fineness of its architecture and the beauty of its French gardens. A little further along, **pike, trout, salmon, bream and other fish** await the fishermen in the waters of **Lake Dergh**. Make a stopover on **Holy Mountain**, 2 km from **Mountshannon**, and visit the ruins of five churches, monastic cells and tombs from the 12th century. From Killinure Point, heading north, you can navigate the upper Shannon to **Leitrim**. Fishermen will once again be able to indulge their passion, this time on **Lake Ree**. Take a stroll in the small town of **Lanesborough**, which houses the church of Saint John, dating from the 5th century. In County Leitrim, discover the picturesque town of **Carrick-on-Shannon**. With around 30 little islands, **Lake Key** is a paradise for fishermen and hikers alike. Stop off at **Boyle** to discover its Cistercian abbey from the 12th century. A little higher up, the tranquil waters of **Lake Allen** await you.

The **Shannon-erne Waterway**, with its 16 automatic locks, joins the Erne to the north, the other great Irish river. The river, which is 63 km long with 34 of the most picturesque bridges, allows you to navigate through

a latticework of rivers, canals, lakes and islands, out of which appear typical villages. You glide toward **Ballyconnel** and **Belturbet**, where folklore is still very much alive. Then you will enter the kingdom of the lakes in **County Fermanagh**, a paradise for birds, flowers and fishermen. At the town of **Enniskillen**, just inside Ulster, you enter "the land of the five lakes and five hundred islands"!

At the small town of **Clondra** on the river Shannon, you can also join the **Royal Canal**. This magnificent historic canal, dug at the end of the 18th century, was reopened in 2010 after much restoration work, for recreational navigation. Bucolic and intimate, it is characterised by beautiful stone humpback bridges.

The width of these famous bridges restricts the size of the boats that can pass under them. Access to the Royal Canal is restricted to Pénichette® models P.935W, P.1107W and P.1020FB.

FISHING

No need for a fishing permit in Ireland: This activity is always free. The fish are abundant here, particularly pike, bream, tench, perch, etc. Fishing here is a sport and a "no kill" approach is practised; all the fish, or almost all, are returned gently to the water.

In the majority of villages along your route, you will find specialty shops to supply you with bait. Without a doubt the locals will give you valuable tips, depending on the season!

“The land of a thousand lakes well deserves its name! The lakes are linked together, one after the other, and each one is a delight...”

Mr. and Mrs. M., Czech Republic

POLAND

MASURIAN LAKES DEPARTURE BASE : MIKOLAJKI

In North-East Poland, close to the Russian enclave of Kaliningrad, Masuria, the “Land of a thousand lakes”, stretches from South to North a network of lakes, canals and rivers fringed by great forests of pine, oak and silver birch. A nature-lover's paradise, the whole area boasts a rich fauna: lynx, deer, bison, wolves, wild boar, beavers as well as a wide range of birds, such as swans, cormorants and grey herons. Masuria, which until World War 2 was part of East Prussia, was converted to Christianity by the Teutonic Knights in the 13th century. During your cruise you will be able to see their ruined castles atop many hills, and specially at Gizycko, Worgorzeno and Ryn.

The little towns along your route have been popular since the 1920s for their boating, fishing and bathing, and there are **many festivals and concerts during the summer months**. The town of Mikołajki, our base, stands on an isthmus and is one of the most attractive in Masuria. There are many historic buildings dating from the 18th and 19th centuries. Between Ruciane-Nida and Mikołajki do visit the **Wildlife Park** at Kadzidlowo. As well as the zoo, you can see inside a beautifully restored traditional house. At Gizycko, the **vast fortress of Fort Boyen** stands as a reminder of Poland's troubled past.

Further north, the little town of **Wegorzewo** on Lake Mamry is only 20 km from the Russian border; it's an attractive place to visit both for its many craft workshops and for the sandy beach at Ogonki 7km southeast.

WATER QUALITY

The quality of the water and the environment will allow you to drop the anchor and swim in the appropriate places.

DID YOU KNOW?

Although it is called the “Land of a thousand lakes”, Masuria in fact has closer to 3000 of them, including the Sniardwi lake, the largest lake in Poland. The inland waterways area of Masuria is one of the most extensive in Europe, with 45 lakes, 8 rivers and 12 canals all linked together. Among the 11 natural reserves included in the region, lake Luknajo, located 5 km to the east of Mikołajki, has been designated a UNESCO biosphere reserve and hosts very many species of birds.

“Entering the Venetian Lagoon by the small town of Chioggia is simply wonderful! With its canals and its 17th-century Vigo Bridge, it already feels like Venice cannot be far away.”

ITALY

Navigate in Italy with our partner Rendez-Vous Fantasia

From the base Chioggia our partner offers a wide range of boats: Pénichettes®, Europa and the New Con Fly. This type of boat is an Italian construction for 4 to 6 persons with a length of 8.92 m, inside and outside standing position and two cabins with double beds. Mooring: RENDEZ VOUS FANTASIA reserves for our customers free mooring places in particularly well situated locations, one in Burano, the other one in Vignole, Southern to Venice.

VENICE LAGOON DEPARTURE BASE: CHIOGGIA

Take a cruise on the Venice Lagoon, and you'll be left with unforgettable memories. From sleepy villages to historic cities, from fashionable beach resorts such as the Lido to fishermen's settlements and typically Mediterranean family bathing scenes, Venice's hinterland reveals its hidden treasures to you on a voyage as remarkable for its natural landscapes as it is for its picturesque villages. Separated from the sea by a narrow neck of land, the lagoon immediately reveals itself in all its vastness. Chioggia, a marvellous little town linked by bridges to the mainland, has an amazing fish market and is the southernmost port on the lagoon. Follow the deep water channels to the traditional fishing village of Pellestrina, then cross the Malamocco shipping channel and head for Venice. The Campanile of St. Marks is slowly outlined on the horizon. Arriving in Venice by water, you enjoy a stunning view of the Serenissima's most famous spot, with the Basilica of St. Mark and the Palace of

the Doges. Cruising on northwards, romantic islands start coming into view; Murano with its glassblowers, Burano, the lacemaking island, and Torcello, whose cathedral of Santa Maria Assunta is one of the greatest Venetian monuments of the Byzantine age. Its mosaics in particular are superb. Once past these charming islands, extend your cruise up to Treviso, on the meandering tree-lined River Sile, or alternatively on the Brenta Canal, whose rustic landscapes recall the canvases of Canaletto. Alternating with vineyards are magnificent villas by Palladio, most of which you are able to visit. With so much sightseeing, you will need to get in plenty of bathing too, and between Chioggia and Grado you'll find some of the finest beaches on the Adriatic.

OFF THE BEATEN PATH: THE PÔ DELTA CIRCUIT

Classified as a National Park, south of the Pô Delta is a world apart that can only be easily explored by boat. This cruise is recommended to all those who love tranquillity and solitude, who will discover a fauna and flora that is entirely undisturbed. Please follow our information because there is little infrastructure along this wild waterway. Initially, the canal appears quite straight, but the moment

you arrive on the Mincio, the lakes and then Mantua, you will not regret the journey. The return via the Pô passes through a busy region with numerous opportunities for moorings, which are the joy of fishermen. It is a good idea to take the time to visit Ferrara, a pure medieval and Renaissance gem, classified as a World Heritage site by UNESCO. On this trip we recommend you take bikes, which will allow you the visit the many small villages and old cities of character that lie a few kilometres from the waterway.

TREE QUESTIONS TO YVONNE AND RUBEN LINSSEN, LEADERS OF LINSSEN YACHTS

1) WHAT ARE THE KEY STRENGTHS OF THE 34.9 MODEL?

The 34.9 is unique in its class because the space available was optimally used by the engineers at Linssen.

The single chine hull offers a lot of comfort to all guests aboard. There are two cabins with double beds, and each cabin has its own toilet and shower compartment.

The low-noise and economically efficient engine adds up to more enjoyable moments on board. Large windows bring in lots of light. Some of Linssen's gadgets, like the easy sleep system or the integrated drawer with glasses, increase the comfort.

2) WHAT MAKES A LINSSEN BOAT SPECIAL?

A Linssen is always designed and engineered in full detail. This means that the propulsion configuration, the layout on deck and below deck, the available space and all equipment are carefully studied before implemented in production. Furthermore, the quality standards at Linssen are very high.

3) DO YOU SEE COMMON POINTS BETWEEN A LINSSEN AND A PÉNICHETTE® ?

The Linssen and the Pénichette® are both long existing and proven models and concept bringing years of enjoyment to charter users all over the world. The two concepts fit together because they are both unique, classic and timeless concepts, extremely suitable for canal boating.

POINTS TO REMEMBER

Hiring without licence

In France, Locaboat Holidays has been authorised to offer boat hire WITHOUT need for a captain's permit. After you have been given instruction in handling your craft and navigation rules you will be given a permit for the duration of your cruise.

In Holland, Ireland, Poland and Italy, no licence is required.

In Germany, you can cruise in a large region without a license. Only for Berlin and its surroundings require a boating license for certain countries of origin. See pages Germany.

Navigation

The cruises suggested have been calculated on the basis of a speed of 8 kph on canals, 10 kph on rivers. Above this speed you may damage the banks. Times allow for going through locks (15-20 minutes) and bridges, but not any waiting time, whether foreseeable or not. You may stop where and when you like, when it's not prohibited. The mooring spikes on board (except in Germany) give you total freedom. You can also stop at developed marinas or public wharves. In Germany, you can also drop the anchor in a quiet bay for a night within splendid nature. In all countries, it is officially forbidden to moor on trees. **You should follow any special instructions given to you**

by the staff at the base concerning local peculiarities (see also our information on the destination pages in the catalogue).

Going through locks

Going through locks is a highlight of any cruise. Have a chat with the lockkeeper, buy local products, make use of the time to drink in the local atmosphere, or perhaps meet up with other boaters and pick up useful snippets of information. Generally, the locks are open from 9am to 7pm with a one hour lunch break. More information in the Captain's Handbook and your navigation map.

Opening & Closing times of locks

In France, there is no charge for locks. They are closed on some public holidays, such as 1st May, 14th July and 1st November. **There are some exceptions;**

- **No lock closures:** Brittany, Camargue, Lot, Baïse, Canal de Roanne à Digoin.
- **Open on 14th July:** Canal du Midi, Alsace, Lorraine, Vosges, Ardennes and the Saône. Locks are generally worked by a lockkeeper. On the Lot and the Baïse, locks must be operated by the boat's crew. As a result you can cruise all the daylight hours with no worry over opening hours or public holidays. For these locks you will need a crew of at least two active members. On other

waterways, there are occasional locks to be operated by the boat's crew, whilst others are automatic, with easy-tofollow instructions. You will receive full details at the base on departure.

In Ireland, in Germany and in Poland, the locks are open every day. **In Holland**, the locks and bridges are in full service between 15/4 and 15/10. **In Italy**, navigation is possible every day on the lagoons. On the Sile and the Brenta there are certain closures. They are shown in the Captain's Handbook.

Open water

The Bassin de Thau in Southern France as well as the Müritz and the Plauer See in Germany or the lakes in Ireland should not be attempted in winds stronger than Force 3 Beaufort. Our staff at the base will tell you the position and give instructions.

Floods

On rivers (but not canals) there can be floods in springtime or occasionally in autumn. In this case we may have to restrict your cruise to canals only, or possibly to switch departure base, but it should not be necessary to cancel your cruise. **You should check on river levels before starting out for your holiday.**

Maintenance Work

Some waterways have "stoppages" when they are closed for maintenance. Mostly these are scheduled for the winter months but occasionally they occur during the hire season. Dates are announced in early March. Please check with our reservation staff.

Start and finish days

Locaboat Holidays offers flexibility over days and durations. **Several departure days are possible: Saturday, Monday and Friday. In Ireland: Wednesday and Saturday. Take over between 2pm and 6pm.** Paperwork and instruction are done during this period. Return is also on Saturdays, Mondays, Wednesdays or Fridays between 8am and 9am (example: 1 week = 7 nights from Monday 2pm to Monday 9am). Hire duration is usually for one week or for two weeks but you can also go for periods of 10/11 days, 4 days mini weeks, or week-ends.

Bicycles

Bicycles are placed in the hirer's care under his entire responsibility. They are hired out in good working order, are clean and fitted with an antitheft device. The hirer must check the condition and working order of the bicycles when he takes charge of them. Helmets are only provided for children. The cost of the hire, including theft insurance, which is displayed at each base, is payable in advance. In the event of loss, damage or theft, Locaboat will invoice the hirer, according to the tariff currently in force displayed at the return base, the expenses of making good, repairing or replacing the bicycle.

Locaboat disclaims all liability for any accident which occurs with a bicycle that has been hired or provided, due to misuse or carelessness by the user.

One-way cruise

You will find in the Captain's Handbook full details about methods for getting back to your car. We must draw your attention to the fact that one-way cruising is an optional feature which can never be totally guaranteed owing to the possibility of cancellations or other difficulties.

Therefore the availability of a Oneway cruise and its direction can only be confirmed 3 days before departure.

Insurance

The hire price includes insurance of the boat in case of accident and of the hirer's liability to a third party arising out of the use of the boat. Insurance of the hirer, his personal effects and any other liability to a third party is not included. (See general conditions, §§ Insurance and Damage Deposit)
